# ***JOB ANNOUNCEMENT***

## **TECHNICAL SERVICES UNIT MAPPING/GEOGRAPHIC INFORMATION SYSTEM UNIT**

### **COASTAL PROGRAM INTERN**

### **PART-TIME — SAN FRANCISCO (LIMITED TERM POSITION(S))**

### **STUDENT ASSISTANT, GRADUATE STUDENT ASSISTANT OR ENVIRONMENTAL SERVICES INTERNSHIP**

The California Coastal Commission's planning and regulatory activities affect a jurisdiction that includes offshore waters, islands, well over a thousand miles of shoreline, and inland areas all along the California coast. The Commission reviews a wide range of offshore and onshore development proposals for consistency with the California Coastal Act.

A team of staff members (the Mapping/Geographic Information System (GIS) Unit) performs complex technical and analytical work necessary for the map production and geographic analysis required by the Commission. The team develops recommendations to the Coastal Commission on jurisdictional boundary changes, other mapping and GIS-related matters, and carries out research and studies on mapping and geographic information system policy issues. The Mapping and GIS Unit also has the responsibility to carry out the development of an integrated Coastal Zone GIS and Resource Information Center under the California Coastal Act of 1976.

We are searching for an individual(s) to join the Mapping/GIS Unit to work on a specific range of mapping and GIS-related planning, regulatory, and development tasks.

Knowledge of mapping and cartographic techniques, GIS, aerial photography, remote sensing, and coastal zone geography is essential. Familiarity with coastal and ocean resource, hazard, and development issues, and the Coastal Act is highly desirable. Persons with the following education and/or work experience are preferred for the position: background in geography, mapping, GIS, surveying, marine science, environmental or ocean planning, environmental science, engineering, or related fields.

The successful candidate will demonstrate strong analytical skills and the ability to research and interpret complex coastal resource and geographic information issues. Strong communication skills and the ability to work as a team member are critical.

**ELIGIBILITY:** To be eligible you must be a college student or graduate student (Student Assistant/Graduate Student Assistant), or have a degree in a related field (Environmental Services Intern) The part-time positions are Limited Term until June 30, 2014. Depending on the Commission's budget the position may be extended. Applicants must clearly indicate the basis of their eligibility in Box #1 on the State Application.

<b>SALARY:</b>	Student Assistant	\$1458 – \$1999 per month
	Graduate Student Assistant	\$1799 – \$2806 per month
	Environmental Services Intern	\$2014 – \$2684 per month

**CONTACT:** Jonathan Van Coops, Mapping Program Manager, (415) 904-5464.

**FILING:** Until filled. Submit current resume, and a standard State Application #678 (put job title for this position in Box #1):

Human Resources Office  
California Coastal Commission  
45 Fremont Street, Suite 1900  
San Francisco, CA 94105–2219  
(415) 904-5430— 8-539-5430

We expect to fill this position as soon as possible, so it is important to file your application immediately. Applications will be screened and only those most qualified will be interviewed. We will begin interviews as soon as we receive qualified applications. No relocation expenses are offered.

Equal employment opportunity to all regardless of race, color, creed, national origin, ancestry, sex, marital status, disability, religious or political affiliation, age or sexual orientation.

It is an objective of the State of California to achieve a drug-free state work place. Any applicant for state employment will be expected to behave in accordance with this objective because the use of illegal drugs is inconsistent with the law of the state, the rules governing civil service and the special trust placed in public servants.
